

8th Annual Caribbean Coding Seminar

PMI is pleased to announce that we will be heading to the All-Inclusive and Family oriented Beaches resort in the Turks and Caicos for our 2010 Annual Caribbean coding seminar. The seminar dates are February 11-13, 2010.

As always, we will present a slate of legal, coding, compliance and business experts to provide an outstanding program of information to make the trip worthwhile. Beyond the learning, the location was chosen so that you and your family can have a fun and relaxing getaway.

The Ultimate Beach Hideaway

For everyone who has ever dreamed of getting away from it all and finding a tropical hideaway far removed from all the hustle, bustle, fuss and muss of modern life-the Turks & Caicos is that rarest of discoveries, a true island escape. Envision 230 miles of sandy white beachfront, gently lapped by some of the clearest, aquamarine seas in the entire universe. With 40 islands to explore in this exquisite chain, only 8 of them inhabited by anything other than wildlife, you can really leave your mark by creating footprints in the otherwise untouched sand. Revel in the warmth of the sun, stake out your own palm tree, discover new shades of turquoise as you gaze your fill at the ever shimmering waters, close your eyes and let the cool sea breezes caress you and embrace the state of complete relaxation you've been seeking for so long.

A Diver's Mecca

Whether you are a seasoned diver who has logged hundreds of hours under the ocean's waves or a beginner poised to dip your toes into the marvels of the undersea universe, the Turks & Caicos provides some of the most spectacular diving on the planet. The waters off the island chain boast 1,000 square miles of reefs and some of the most impressive walls of coral in the Caribbean, not to mention historic wrecks dated among the oldest in the Western Hemisphere. No surprise, then, that Scuba Diving Magazine has rated the Turks & Caicos one of the top 5 diving destinations in the entire world! So, when you're ready to experience the unparalleled mysteries of the seafloor for yourself and claim a first row seat from which to watch the antics of whales, spotted Eagle Rays, Manta Rays and a whole ecosystem of thriving marine life, there is literally no place better than the Turks & Caicos Islands

Liberty travel will once again be handling the reservations and can secure your spot for a \$200 deposit. This is a busy week in the Caribbean so do not delay – especially since Beaches is offering substantial discounts (up to 60% off!) for early reservations. Call Liberty immediately to get in on this deal. To view the resort and its amenities, go to <http://www.beaches.com/main/tc/tc-home.cfm>.

Data from the beaches web site shows accommodations for a 4 night stay for 2 as low as \$2279.00; two adults and two children as low as \$2700.00 at this beautiful all-inclusive resort. Airfare additional.

To book your reservation or to find out more about rates for 4, 5 or 7 night stays, contact Lorie Longenberger at Liberty Travel. Her contact information is as follows:
